Description

Product design criticism operates at the very brink of the landfill site, salvaging some products with praise but consigning others to its depths through condemnation or indifference. When a designed product's usefulness is past, the public happily discards it to make room for the next new thing. Criticism rarely deals with how a product might be used, or not used, over time; it is more likely to play the enabler, encouraging our addiction to

## Full book access

If you'd like to download the entire eBook, just install **Adobe Digital Editions**, a free app that lets you read and manage your eBooks on any device.

## Loan period

Some eBooks have a **limited loan period** and will automatically expire after that time, but don't worry, you can always download them again whenever you need.
