

ASK-ADEMIA

Your AI Research Assistant

[Click here to access](#)

WHAT DOES IT DO?

It acts as **your research assistant, guiding you through every step of the literature search** and helping you get the most out of academic research.

Design better searches

We build effective Boolean queries together

Search OpenAlex

It uses OpenAlex API to find relevant scholarly works.

Deliver clear results

You get accurate, organized, and easy-to-review results.

Go beyond results

It helps you analyze, compare and understand the literature

Export & organize

It helps you to export citations and create reading lists.

HOW THE RESULTS LOOK LIKE:

1. Mobile visual search model for Dunhuang murals in the smart library (2022)

Zeng et al. — 2022 — 26 citas

- Biblioteca inteligente
- Búsqueda visual basada en imágenes
- Muy citado dentro del ámbito LIS tecnológico

<https://doi.org/10.1108/LHT-03-2021-0079>

<https://openalex.org/W4210494959>

For each work you'll see:

- **Title**
- **Author**
- **Year**
- **Citation count**
- **Links**

WHAT YOU CAN DO WITH ME:

- ✓ Summarize papers
- ✓ Compare studies
- ✓ Understand concepts
- ✓ Refine your topic
